Re: Premises at Furnace Dock Road

Dear Michael:

I write as a follow up to our conversation of this morning regarding my client ISC Properties, Inc.'s ("ISCP") request for access to the Baker Capital Limited Partnership property located in Cortlandt Manor, New York. This shall confirm that the investigation derived waste that was stored in approximately six (6) drums at the Baker property was removed at approximately 10:00 a.m. on Friday, July 25, 2003.

Approximately two (2) days ago, ISCP's consultant (TetraTech FW) received a request from Doug Grimmer that the contractor and subcontractors have specific language added to their certificates of insurance. It is my understanding that Tetra Tech FW has provided this information to Mr. Grimmer and the subcontractors will be providing it shortly. Accordingly, we would respectfully request that our landscaping contractor be permitted access to the property upon submission of the insurance certificate, in absence of the formal access agreement. This will permit us to proceed with the work in a timely fashion with minimal interruption to your client's use of the property.

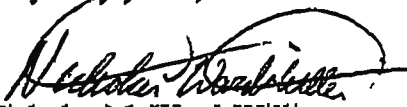

In accordance with our prior discussions, I enclose herein a revised Access Agreement reflecting a new paragraph four (4) regarding the disposal of investigation derived waste.

Please contact me as soon as possible to discuss this matter so we may finalize the Access Agreement.

Very truly yours,

Nicholas M. Ward-Willis

ACCESS AGREEMENT

This Access Agreement ("Agreement") is made and entered into this ____ day of June, 2003, by and between ISC Properties, Inc., a New York corporation ("ISC") and Baker Capital Limited Partnership, a Connecticut limited partnership ("Baker").

WHEREAS, Baker is the owner of premises located on Furnace Dock Road in the Town of Cortlandt, County of Westchester, State of New York, denoted on the Town of Cortlandt Tax Map as Tax Lot Section 012, Block 1, Lot 11, and more particularly described on Exhibit "A" attached hereto (the "Property");

WHEREAS, ISC is entering into an Order on Consent (the "Order") with the New York State Department of Environmental Conservation ("DEC") in case no. W3-0010-81-01 regarding site #3-60-003, which Order on Consent pertains to the Property;

WHEREAS, the Order requires that ISC perform a Remedial Investigation (the "Work") at the property in accordance with the Order;

WHEREAS, the Order requires that ISC use its best efforts to enter into an access agreement with Baker so that ISC may conduct the Remedial Investigation of the Property;

WHEREAS, to comply with the provisions of the Order, ISC requires access to the Property and accordingly, Baker has agreed to provide ISC access to the Property on the terms and conditions set forth herein;

WHEREFORE, as and for the mutual promises and representations contained herein, the parties agree as follows:

1. Grant of Access - This Agreement shall be effective from the date set forth above and subject to the rights of all parties with leasehold interests in the Property, Baker hereby grants to ISC, its subsidiaries, affiliates, employees, agents, representatives, contractors, and

subcontractors (hereinafter collectively referred to as "ISC"), the non-exclusive right to enter on the Property and to conduct on such portions of the Property requiring remedial investigation, including all work and activities incidental to the remedial investigation, any and all activities necessary or reasonable, in ISC's or DEC's judgment, to perform the work required by the Order, including amendments and modifications to the Order.

2. Property Ownership - Baker represents and warrants that it is the fee title owner of the Property.

3. Use of Property - (a) ISC agrees to provide Baker with forty-eight (48) hours prior notice of the scheduled commencement of Work and entry onto the Property. ISC will also provide Baker with an approximate schedule of when Work will be conducted on the Property. Baker acknowledges that the work may involve the use of equipment which could cause, by its presence, inconvenience to Baker or other occupants of the Property. ISC and Baker shall cooperate to schedule and stage ISC's activities to minimize such interference and to the extent practicable all of ISC's activities shall be restricted to those portions of the Property not routinely used by Baker's tenants and/or subtenants and their invitees. In no event shall ISC's work prevent Baker or other occupants from gaining access to the Property or limit their use of the buildings and loading areas currently existing on the Property. ISC covenants and agrees to restore any portions of the Property that ISC disturbs to the condition in which it was found prior to such disturbance.

(b) ISC or its contractors and subcontractors shall at all times that they are working on the Property carry public liability, property damage, and automobile liability insurance, and shall cause said policies to name Baker as an additional insured. In addition, ISC or its contractors and subcontractors shall carry worker's compensation and statutory disability benefits insurance (as required by law) for all employees working on the Property. Prior to entering the

Property, ISC shall deliver to Baker a certificate of insurance showing that Baker is an additional insured.

(c) Baker agrees to cooperate with ISC in obtaining any permits or other approvals necessary to undertake the Work and which require action by Baker as owner of the Property, provided that Baker shall not have obligation to incur any out of pocket expense in so cooperating and Baker shall not incur any liability or responsibility by so cooperating.

4. Removal of Investigation Derived Waste. Baker recognizes that during the performance of ISCP's work at the site, ISCP's contractors and subcontractors will generate waste (soil, drill cuttings, water, etc.) as a result of their performance of activities at the site. Baker agrees to permit ISCP, its contractors and subcontractors to store any investigation derived waste in drums in accordance with all local, state and federal laws and regulations in a location identified by Baker. ISCP agrees to remove the drummed investigation derived waste within thirty (30) days after completion of its investigation activities at the site and by no later than March 31, 2004.

5. Government Agencies - In addition to the rights granted to ISC herein, Baker agrees to provide access to the Property to DEC and its authorized representatives and agents pursuant to the applicable provisions of the Order. It is expressly understood that DEC and its representatives or agents are not agents of ISC with respect to liability associated with site activities.

6. Termination - This Agreement shall terminate one (1) year from the date hereof, unless ISC shall inform Baker in writing prior thereto that it no longer requires access. ISC shall have the right to extend this Agreement for successive one (1) year periods by delivering to Baker on or before the then applicable termination date a written representation and certification stating that the Work pursuant to the Order is not complete, that ISC is diligently pursuing completion of the Work, and that ISC requires access to the Property to complete said Work.

7. No Admission of Liability - In agreeing to perform the work required by the Order, ISC neither admits nor shall be deemed to be liable to DEC or Baker for any environmental contamination which may be found on the Property. Further, ISC expressly reserves all of its rights, claims and actions to which it may be entitled against Baker and any third party in connection with any such contamination, or any other claim or damage. In granting ISC access to the Property, Baker does not admit any liability for any environmental condition which may be found on the Property. Further, Baker expressly reserves all of its rights, claims and actions to which it may be entitled against ISC and any third party in connection with any such contamination, or any other claim or damage.

8. Notice - All communications and notices provided for herein, shall be in writing and shall be deemed to have been given either (i) when delivered in person to the recipient named below, or (ii) on the date of delivery shown on the return receipt, after deposit in the United States Mail in a sealed envelope or other container, either certified or charges pre-paid, addressed to the party intended below, or (iii) on the date of delivery by facsimile transmission to the party intended as follows:

9. Entire Agreement - This Agreement embodies the entire understanding of ISC and Baker with respect to the subject matter contained herein, and no prior oral or written representation shall serve to modify or amend this Agreement.

10. Severability - If any provision of this Agreement or the application thereof to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Agreement, or the application of such provision to persons or circumstances other than those to which it is invalid or unenforceable, shall not be effected thereby, and each provision of this Agreement shall be valid and enforced to the full extent permitted by law.

11. Governing Law - This Agreement shall be governed by and construed in accordance with the laws of the State of New York.

12. No Agency Relationship - This Agreement shall not be construed to create, either expressly or by implication, any agency or partnership relationship between ISC and Baker. Neither ISC nor Baker are authorized to act on behalf of the other in any manner relating to the subject matter of this Agreement.

13. Successors and Assigns - This Agreement shall bind and inure to the benefit of the assigns and successors of the parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date

first written above.
